

The Climate of the Continent of Africa

By Alexander Knox

Cambridge University Press. Paperback. Book Condition: New. Paperback. 576 pages. Dimensions: 9.2in. x 6.1in. x 1.3in. Originally published in 1911, this book provides a detailed guide to African climate conditions. Intended to be a practical introduction, rather than a meteorological treatise, the text is notable for its use of clear language and a broad variety of statistical information. It contains four main sections, covering North Africa, Western Tropical Africa, Eastern Tropical Africa, and South Africa. Each section contains illustrative material, including tables, charts and maps. This is a highly organised and informative volume that will be of value to anyone with an interest in African geography and the development of physical geography in general. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.

Reviews

This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.
