

Lessons in Hygienic Physiology (Classic Reprint)

By Walter Moore Coleman

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Lessons in Hygienic Physiology For convenience in examining this book it may be well to insert a few page references, as the book is, in some respects, radically different from the usual school physiology. The book aims to teach the science and art of preserving health; the teaching is based largely on observational studies of the body, experiments, and study of the charts and figures which it contains. Observational study is carried out by frequent single questions and by more lengthy exercises (pp. 35, 86, 107, etc.). The experiments illustrate some point in physiology (pp. 14, 21, 25, etc.); they are not merely copied from texts on physics and chemistry, as is usual in those physiologies which are not wanting altogether in experimental work. To aid in founding the study upon facts and not mere words, the author has devoted a great deal of time to the illustrations. Books of this size usually have sixty or seventy figures; this book contains about three times as many, or one hundred and ninety-eight in all, sixteen of which...

Reviews

This publication may be really worth a go through, and a lot better than other. It really is writter in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Natalie Abbott**

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be play, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.

-- **Rene Olson**
